- 3. Presidents Report**

**NDMA Presidents report 10-11**

**Welcome all to the 4<sup>th</sup> AGM of the Northern Drag & Motorsports Association.**

Firstly I would like to thank all of our members and families that have actively supported the club throughout the 2010 – 2011 calendar years.

Special thanks must also go to the hardworking motor show committee that was committed to the staging of our 3<sup>rd</sup> very successful Port Augusta motor show. The amount of personal sacrifice and effort that these people put in needs to be applauded, a huge effort! Well done guys.

Thanks must also go to our many valued club sponsors, especially the Port Augusta City council and in particular Councilor Tony Mitchell for his initiative and support.

The support the City council has given us is very much appreciated and I am sure that our post motor show report back to the council will vindicate their decision to support our event given the impact that the motor show has had on the local economy. All very positive. We naturally look forward to their support for future events.

A lot of our members remain positive and loyal to the club; the conversations have already started about how we make the next show a success.

NDMA's continued support of the Stirling North Progress Association is imperative. I believe that both clubs have a lot to offer each other. The NDMA club wall is almost complete now; we are just waiting on the new trophy cabinet and lockable glass notice board. After that we just need block mounted photos of our member's rides. The volunteer cooking nights have been going really well, I have to say that Lia and I look forward to going down on Sundays and having a bit of fun and knocking back a few coldies. Anyone that's keen should let our secretary know to put them on the roster. The social side of our club needs some attention, this has been discussed many times in the past and I hope that this will take a priority with the club moving forward.

To all of those members that have lost enthusiasm and have dropped off from the club I personally apologise to them for the lack of progress that we have made in regard to our club plans. Some member's expectations were way too high thinking that we would have our facility built in the first few years of the clubs existence. I am positive that if we had have found a suitable site for the strip the hard work would have been well under way.

All elected committee members moved forward and the first general meeting was held following the close of the AGM.

Nigel thanked everyone for yet another successful AGM and said he was honoured to be voted in as President. He went on to say that it was the best motorshow we have had even if our numbers were down on previous years. The atmosphere was sensational.

Nigel thanked the people from Whyalla for travelling here for the AGM and it is great to see further support from out of town members and supporters.

**AGM Closed 8.10pm**
